PROVISIONAL ELECTION

COMMISSIONER FOR PATENTS
ALEXANDRIA, VIRGINIA 22313

SIR:

In response to the Election of Species Requirement stated in the Official Action dated June 16, 2004, Applicants provisionally elect the specie I, and identify Claims 1 and 2 as readable on the elected specie.

Applicants respectfully traverse the outstanding election requirement for the following reason.

MPEP §803 states the following:

If the search and examination of an entire application can be made without serious burden, the examiner must examine it on the merits, even though it includes claims to distinct or independent inventions.

The claims of the present application would appear to be part of an overlapping search area. Applicants therefore respectfully submit that there is no undue burden on the Examiner to search all the claims under MPEP §803, and traverses the Election of Species Requirement

Application No. 09/830,963
Reply to Office Action of June 16, 2004
Provisional Election

on the grounds that a search and examination of the entire application would not place a *serious* burden on the Examiner.

Accordingly, it is respectfully requested that the requirement to elect a single disclosed species be withdrawn, and that a full examination on the merits of each of Claims 1-25 be conducted.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,
MAIER & NEUSTADT, P.C.
